AVAILABILITY LIST FOR THE WEEK OF JULY 25, 2010

I hope everyone had a nice week. We have some new offers for signs. Some of you want the stakes and some don't need them. Some want laminating and some don't. So here are the prices for each of the different options: Paper sign (not laminated and no stake) \$0.25, Laminated sign (no stake) \$0.50, and our regular laminated sign with stake is still \$1.25. When ordering signs please specify which option you would like. Thank you. Please check out our website, www.emerisa.com. We have updated all of the catalog pages for download and many of the new plants we will have this year are on there too. Have a great week. Ryan

Perennial(s) in Motion:

LEYCESTERIA formosa 'Golden Lanterns' - A great addition to the perennial border, leycesteria is an easy growing plant with lots of color. GOLDEN LANTERNS' sunny yellow foliage has reddish new growth. Dark purple-red bracts and 4" long, pendulous flowers make it even more colorful. Also called pheasant berry, the dark purple fall fruit does indeed attract pheasants and other wildlife. In the north this is a dieback shrub; covering with extra thick mulch may be needed in colder climates.

How to use this list: Plants are listed by their botanical classification followed by bloom color, unless otherwise noted. The budding/blooming code is next, then the price. The bloom decoder is on the bottom of each page. The main groups are in this order: 4 inch (annuals, ornamental grasses, herbs, perennials, shrubs and trees, vines), 4D perennials, 1 gallon (Clematis, ferns, ornamental grasses, heathers, herbs, perennials, roses, shrubs and trees, vines), 2 gallon (perennials, shrubs and trees), 5 gallon (ornamental grasses, perennials, shrubs and trees).....

Ordering Information: A) order 4" and 4D (deep 4" pot) in multiples of 8 B) Gallons can be ordered in any quantity C) 6 pack-jumbos need to be ordered in multiples of 3. D) Minimum order amount for delivery is required. E) At this time we are no longer going to be charging or accepting plastic flats back for credit. F) We provide curbside delivery. Nurseries/Landscapers are required to help unload the truck. If no one is there to help unload the truck we will charge a 5% truck unloading fee. G) Authorized returns and cancelled orders are subject to a 20% re-stocking fee. H) Job site deliveries are subject to a delivery charge. I) All deliveries will be charged a 6% delivery fee up to a maximum amount of \$25.

****If you don't see something on this list, please call and inquire about its availability. This list does not show small, large or landscape quality plant material-only retail ready stuff. Thank you.****

[We send confirmations on faxed orders. If you do not receive one, call to confirm your order. Faxed orders MUST have your name, nursery name, phone number, total number of pages you are faxing back on all pages and PO number if required. If your name isn't on all pages and they get separated we have no way of matching them up again.]
